

Night Works Notification

3 nights on Queen Street, Auckland

(between Victoria Street and Customs Street)

1 February 2016

Auckland Transport (AT) is responsible for the region's transport services, from roads and footpaths, to cycling, parking and public transport.

AT's contractor Downer NZ is planning resurfacing work along Queen Street between Victoria Street and Custom Street.

The project will repair wear and tear and prepare the road surface for the new green bus lanes which will be applied in April as part of the City Rail Link (CRL) project.

To safely carry out this work while keeping traffic moving, it will be done at night when traffic volumes are reduced. The project will take place over three nights beginning *Tuesday 9 February 2016*.

There will be an increase in noise associated with machinery working in the area we will endeavour to keep this to a minimum.

For more information, please contact the Downer Project Team:

Contract Engineer	Jack Park
Cell Phone:	027 613 1467
Stakeholder Leader	Carol Moffatt
Cell Phone:	027 703 0672

Alternatively you can contact Auckland Transport on **09 355 3553**

Thank you for your patience while we carry out this essential work.

The work involves removing the existing road surface, applying a new road surface. When the new surface has settled the teams will return to apply the new green bus lanes.

Work details follow:

Work Dates and Duration	Three Nights Tuesday, Wednesday, Sunday 9, 10 and 14 February 2016
Work Hours	7pm – 5am
Traffic Management	Sections of Queen Street will be closed to vehicles. Traffic management will change with each stage of the works. Please follow the traffic management signs and any posted detours to travel safely around the worksite. At the end of each shift the traffic management will be lifted and on street parking during the day will be available.
Traffic Controllers	During work hours, traffic controllers will be on site to assist with vehicle and pedestrian movements.
Alternative Dates	In the event of increment weather or unforeseen circumstances these dates will extend to 15, 16 & 17 February.
Driveway Access	Driveway access will be restricted at times. Please expect some delays when machinery is working immediately in front of your driveway.
Safety	Pedestrian access will be maintained. Please take care when out walking in the area and keep away from the worksite.
Work area	The location of work can be found over page.
