

APPEALING & ATTRACTIVE PROPERTIES ARE FUNDAMENTAL FOR A VIBRANT, SUCCESSFUL RETAIL ENVIRONMENT

We're supporting vacant spaces with creative installations

DO YOU HAVE A VACANT RETAIL TENANCY WITH WINDOW FRONTAGE?

Heart of the City is supporting landlords and the city centre retail environment by creating installations for vacant spaces.

- Draw positive attention to your property
- Support leasing activity
- Maintain vibrancy and positive perceptions

We will fund the installation and work with you to ensure it meets your needs and is appropriate for the site. You can be as hands on or as hands off as you like - we want to make this easy for you.
