Candidate Statement

(maximum 200 words)

I wish to be elected to the Executive Committee as I want to play an integral part in the strategic direction of Auckland's city centre business association. A city that I care deeply about and wish to see reach its full potential. I have spent most of my professional career leasing retail property within Auckland, constantly striving to improve the quality of retailers in the central city. I have witnessed many highs and lows that the precinct has endured and thus feel well placed to provide guidance on proposed ventures and how the association can best represent its members. Coming from a commercial leasing viewpoint, I am at the juncture of tenants seeking to operate successful businesses and property owners looking to maximise the potential of their assets. Both these parties have a vested interest in the success of the city centre, which I shall provide a voice for. Being based in the CBD means I am immersed in the same environment as the businesses I wish to represent, living and breathing Queen Street on a daily basis. I bring firsthand knowledge of the local business landscape which can be applied to the success of Heart of the City.
